

## **“Pearl Harbor”**

**Pearl Harbor, only a distant event in history to some,  
They observed blips on the radar of things that were to come.  
A quiet Sunday morning, many still in their beds asleep,  
Must just be some of our own planes practicing out in the deep.**

**Without another warning, bombs rained down from the sky,  
They had only observed the warning and never questioned why.  
Today we see and hear the warning but many do not heed,  
God has warned us in His Word but many fail to read,  
That Christ is coming as a thief in the night to snatch away,  
Those that are prepared and watching, He will take with Him that day.**

**But many are not watching but sleeping as our men did then,  
No one is giving the warning that Jesus came to save us from our sin.  
So if you're not watching and warning, then what will you say,  
When Jesus asks the question, did your life help point the way?**
